

Kiwanis Club of Barbados South
President's Message - March 2022

It is our anniversary Month and it's a fitting time to look back and see what we have achieved and also what we can do to improve this organization.

We say it loud every day "Kids Need Kiwanis" and indeed they do. As we celebrate 32 years of being chartered, we must reflect on how we have helped the children of the world, how we have impacted families and how we have been able to remain relevant.

We must look at the projects and programmes we have in place and see if they can be done better or more so how we can tailor them to suit this online platform that we continue to work with.

As I enter another quarter as President of this club, I will continue to ensure that members are on their "game" and that they understand that an anniversary is not just a time to celebrate the number, but to celebrate those whom we serve.

I am heartened that committee chairs are committed to ensuring that their projects align with the needs of children and their families.

Our School Feeding Programme, the work of the SLP's, the donations of books to the children in the isolation centres, just to name a few.

President Deanzer
